

JORDAN LEE

SOFTWARE ENGINEER · PRODUCT BUILDER

SAN FRANCISCO, CA

+1 (555) 123-4567 · JORDAN.LEE@EXAMPLE.COM

EXPERIENCE

Northstar Systems

2022–2025

Senior Software Engineer

- Led delivery of customer-facing web features from discovery through release
- Built typed service APIs shared by the web and mobile applications
- Partnered with design and support to turn customer feedback into product improvements
- Improved release checks and made code review guidance easier to follow

Juniper Works

2020–2022

Software Engineer

- Developed workflow tools for operations and customer success teams
- Reduced slow queries by simplifying data access and adding targeted indexes
- Worked with the platform team on service migrations and incident follow-up

Harbour Labs

2017–2020

Software Engineer II

- Built web applications using React and TypeScript for various products
- Implemented automated testing and improved code quality standards
- Contributed to accessibility improvements and best practices
